

Large Item Collection Service Free to Residential Customers*

Please call to make appointment
(831) 372-7977

*Certain items may have additional disposal charges

What Goes Where

The What Goes Where program was developed in collaboration with the cities, Monterey County, the landfills, and the haulers to help customers know how to properly dispose of waste and recycling materials. The online app can be used directly on our website or the app is available for smart phone users on the App Store or Google Play.

Residential Battery Recycling Program

Collect your 9V, AAA, AA, C & D size Batteries

(Place tape on the terminals
rectangular base batteries)

Place batteries in one
quart or smaller zipper
style bag.

Place bag on top of your
recycling cart

Do not place inside.

- Only one quart bag of batteries will be collected per week from a customer.
- Liquid-Acid Batteries or car batteries or batteries not listed above will not be collected.

Oil Collection

Did you know?
FREE curbside motor oil &
filter recycling is available for
residential customers

Call for a container and more information
(831) 372-7977

Place oil container next to your blue recycle cart
on your collection day.

Note: Please use the provided
containers and filter bags.
Oil mixed with other fluids will
not be collected.

Correct Cart Placement

It is important to place your carts out properly. Please place your carts out with wheels towards your property at least 18" apart from each other any other objects. Do not place under low trees, wires, signs, or too close to vehicles, street signs, or fire hydrants. Lids must be closed, but not tied down. Do not overfill containers.

Incorrect Cart Placement

Too Close Together

Too Close To Vehicle

Carts Are Backwards

Trash

Non-divertible or non-recyclable material, bagged animal waste, vacuum dust, and cold ashes.
