

MONTHLY REPORT

MONTEREY POLICE DEPARTMENT

Citizen Commendation

"This is the case of the iPhone stolen from my brother when he died at the nursing facility... As I recently wrote to the officer who worked on this incident, "You'll never know how grateful I am to you. The iPhone is a piece of my brother who I'll want to keep near me so that I can be with him a little every day. Thank you!"

The officer was professional and empathetic. He made it his business to follow through with my daughter-in-law, to use the iPhone GPS locator in discovering who had the phone. He worked very closely with his Lieutenant to obtain a search warrant, doing everything by the book. The recovery almost didn't happen, but the "ping!" happened while the Lieutenant was at the address. Surely, there were other officers there at the time. We applaud them all.

I know the MPD has much bigger fish to fry, but sometimes the little things are big...In these days of too many stories of police negligence or abuse, some of those we've probably witnessed, this is a bright light. I've looked online and the department appears to be riddled with caring professionals.

Thank you again."
